ROYAL COLOR JEWELS

PRECISION · PERFECTION · PL

PROUD MEMBER OF

WHO WE ARE

A House Built on Color

Founded in Jaipur — the gemstone capital of India — Royal Color Jewels was born from a singular conviction: that the world's rarest colored stones deserve the most discerning hands.

We source directly from the earth's most extraordinary deposits, delivering precision-graded stones to the world's most exclusive jewellery houses — without intermediaries, without compromise.

JAIPUR, INDIA · ARUSHA, TANZANIA

Why Royal Color Jewels

01

Direct Sourcing

From mine to manufacturer, without intermediaries or hidden margins.

02

Expert Selection

Every stone personally examined for color saturation, clarity, and precision of cut.

03

Calibrated Precision

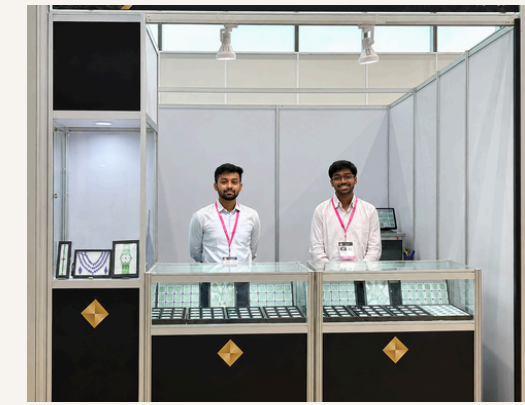

Millimetre-consistent dimensions for seamless, production-ready setting.

04

Matched Excellence

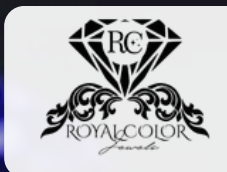

Pairs and suites graded for uniformity — color, weight, and clarity aligned.

05

Global Trust

Serving fine jewellery manufacturers and retailers across 40+ countries.

04 · TANZANITE

TANZANITE

"Found only within a single square mile at the foot of Mount Kilimanjaro — a stone so rare it may never be discovered again."

Only from Tanzania

Blue-violet trichroism

Investment grade

1,000× rarer than diamond

05 · TSAVORITE

TSAVORITE

"Born beneath the ancient soils of East Africa — a vivid, brilliant green of extraordinary fire that rivals even the finest emeralds, untouched by treatment."

Kenya & Tanzania origin

Superior brilliance & fire

No treatments required

Exceptional rarity

06 · OUR SOURCING

From Arusha to Ateliers Worldwide

Arusha, Tanzania places us at the heart of the world's most important gemstone mining region — enabling direct relationships with miners and consistent access to the finest material before it reaches the open market.

- Direct mine-to-studio partnerships
- Zero intermediaries in the supply chain
- Ethical sourcing and responsible trade
- Consistent quality regardless of season

Built on Relationships, Sustained by Precision

Consistency

Stone-matched lots delivered to the same standard, every time — regardless of market conditions.

Transparency

Every stone graded and documented. Origin traceable from mine to studio — no ambiguity, no surprises.

Precision

Calibrated to within 0.1mm. Production-ready stones that require no adjustment before setting.

Direct Relationships

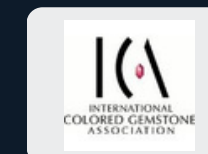

Source to studio without compromise. Personal, lasting partnerships built on mutual trust.

Competitive Sourcing

Direct mine partnerships translate directly to value — exceptional stones at a fair, transparent price.

White Glove Service

Discreet, personal, always available. From enquiry to delivery, handled with the care your clients expect.
